

3M Scotch® 2460 Ultimate Paint Edge Masking Tape

Category : Polymer , Adhesive

Material Notes:

Scotch® Ultimate Paint Edge Masking Tape 2460 uses a thin, yet strong, smooth flat back paper that when used for paint masking gives a sharp paint line with low paint ridge. This backing simplifies the task of making long straight lines but still incorporates the ease of being torn by hand. The acrylic adhesive holds on contact to many surfaces, yet peels away smoothly and cleanly. Information provided by 3M
