

3M Scotch® 2480S Ultimate Paint Edge Masking Tape

Category : Polymer , Adhesive

Material Notes:

Scotch® 60 Day Ultimate Paint Edge Masking Tape 2480S uses a thin, yet strong, smooth flat back paper that when used for paint masking gives a sharp paint line with a low paint ridge. This backing simplifies the task of making long straight lines but still incorporates the ease of being torn by hand. The acrylic adhesive holds on contact to many surfaces, yet peels away smoothly and cleanly with out residue of fogging even after 60 days of outdoor exposure. Information provided by 3M
