

3M Scotch® 8898 Strapping Tape

Category : Polymer , Adhesive

Material Notes:

Scotch® Strapping Tape 8898 is a general-purpose tape with a tensilized polypropylene film backing and pressure-sensitive adhesive. The tape is designed for a wide variety of industrial and packaging applications. Some typical applications include bundling, reinforcing, strapping, box closing, and appliance securing. The backing provides proper stiffness and excellent abrasion, moisture, and scuff resistance. The pressure-sensitive adhesive is specifically formulated to provide balanced adhesion to most fiberboard surfaces and a wide variety of plastic and metal surfaces. We suggest tests be completed to determine suitability particularly on surfaces other than those previously mentioned. Information provided by 3M

| Physical Properties | Metric | English | Comments |
|---------------------|-------------|----------|------------|
| Thickness | 117 microns | 4.60 mil | ASTM D3652 |

| Mechanical Properties | Metric | English | Comments |
|---------------------------|--------------|------------|-------------------------------|
| Tensile Strength at Break | 23.3 MPa | 3380 psi | ASTM D3759 |
| Elongation at Break | 32 % | 32 % | ASTM D3759 |
| Peel Strength | 0.82172 kN/m | 4.6875 pli | Adhesion to Steel; ASTM D3330 |

| Descriptive Properties | Value | Comments |
|------------------------|---|----------|
| Adhesive Type | Pressure-sensitive synthetic rubber resin | |
| Appearance | Blue, ivory | |
