

## 3M Scotchcal™ IJ66 Perforated Window Graphic Film

Category : Polymer , Film

**Material Notes:**

Film IJ66 is a 5.8-mil vinyl with a 40% perforated pattern and a removable, pressure-sensitive adhesive. This film allows a full image to be seen on the outside of a window while allowing viewing through architectural and non-regulated vehicle windows from the inside. This short-term intermediate film is intended for solvent inkjet printing and screen printing. Information provided by 3M
