

A. Schulman POLYBATCH™ U-0294-L Blowing Agent Concentrate Based In PE

Category : Other Engineering Material , Additive/Filler for Polymer , Polymer , Thermoplastic , Polyethylene (PE)

Material Notes:

DescriptionPOLYBATCH® U-0294-L is 20% active endothermic blowing agent concentrate based in PE. This concentrate is white in color, non-tinting and is designed for use in PE, and PP applications to reduce part density and eliminate sink marks with very little surface splay. POLYBATCH® U-0294-L produces optimum blow at 380°F and is typically used at 2 to 10% addition levels depending upon customer specific applications requirements. Information provided by A. Schulman.
