

A. Schulman POLYBATCH™ White HS8350 Concentrate Based In Impact Polystyrene

Category : Other Engineering Material , Additive/Filler for Polymer , Polymer , Thermoplastic , Polystyrene (PS)

Material Notes:

DescriptionPOLYBATCH® HS8350 is a white masterbatch containing 50% TiO2 based in impact polystyrene. This product has been formulated to optimize the dispersion and opacity with good distributive letdown mixing. POLYBATCH® HS8350 is typically recommended for use in extrusion film and sheet, thermoforming, and injection molding applications.Information provided by A. Schulman.
