

Beijing Evergrow Resources ER-24 UHMW PE and Ceramic Composite Plate

Category : Polymer , Thermoplastic , Polyethylene (PE) , HDPE , High Density Polyethylene (HDPE), UHMW PE Ultra High Molecular Weight

Material Notes:

UHMWPE fabric is made of high modulus, high performance polyethylene fiber which are orthogonal laid down and thermally bonded with special bulletproof binder. Features: lightweight soft, flexible, waterproof, outstanding UV resistance, moisture resistant, high energy absorption, ballistic resistance. Specification: 1200X1600mm. Application: NIJ Standard III. Information provided by Beijing Evergrow Resources.
