

CIMBAR RMF 55 Recycled Mineral Filler

Category : Ceramic , Oxide , Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Cimbar RMF is a locally sourced, third-party certified recycled filler containing 90% Post-Consumer materials. They are a clean, safe, environmentally-friendly alternative for use in various polymer systems where color is not of concern. RMF is a dark-gray powder with a uniform particle size distribution. Information provided by Cimbar Performance Minerals.
