

## ChevronTexaco LS Diesel 2

Category : Fluid , Lubricant

### Material Notes:

**Features**Chevron LS Diesel 2 is a high quality low sulfur diesel fuel. It meets the requirements of ASTM D 975, Standard Specification for Diesel Fuel Oils, for Grade Low Sulfur No.2-D. This product complies with the U.S. Environmental Protection Agency regulations for "highway diesel," but does not comply with California Air Resources Board regulations for "vehicular diesel."Chevron LS Diesel 2 meets the requirements of major engine manufacturers, is area blended for cold weather use, and has high heat content.**Applications**The high cetane number of Chevron Diesel 2 provides quiet combustion and quick starting at low temperature. The high heat content permits engines to achieve rated power output and optimum fuel economy. Area blending assures a minimum risk of wax plugging of fuel filters and an absence of cold pumping problems. Chevron LS Diesel 2 has excellent storage stability.
