

ChevronTexaco Summer Chain Bar Oil

Category : Fluid , Lubricant

Material Notes:

Texaco Chain Bar Oil Summer Grade delivers value through: Reduced wear – Minimize wear for the chain, bar, and sprocket. Tackiness – The increased tackiness additive keeps the oil on the chain and prevents sling-off when the chain is traveling at high speeds resulting in less waste and reduced consumption. Field experience – Used extensively in the field with proven experience. Texaco Chain Bar Oil Summer Grade is a very tacky, tough, lubricant made from high viscosity base oils. Texaco Chain Bar Oil Summer Grade is manufactured to meet the needs of the forest products industry under the most adverse operating conditions. To a logger, chainsaw lubrication is one of the most demanding requirements for efficient chainsaw performance and operation. Texaco Chain Bar Oil Summer Grade was designed to meet this demand with economy in mind. Texaco Chain Bar Oil Summer Grade is a good choice for all-season use in mild climates and provides excellent wear protection under hot weather operating conditions. Texaco Chain Bar Oil Summer Grade is recommended for use in all types of chain saws using either hand-operated or automatic chain oilers to lubricate the chain, bar, and sprocket. Other possible uses include chain drives on straddle lift lumber carriers and motorcycle chains, as well as lawnmowers and farm equipment. Typical test data are average values only. Minor variations which do not affect product performance are to be expected in normal manufacturing. CPS Number: 221517; MSDS Number: 8946
