

Dymax 3089 Solvent-Free Plastic Adhesive

Category : Polymer , Adhesive , Thermoset

Material Notes:

Solvent-Free Adhesives for Plastic Assembly in Seconds Dymax® Light-Weld® and Ultra 3000 Series UV and UV/Visible Curing Adhesives for plastic assembly provide instant durable bonds to cure a wide variety of engineering plastics. Curing in seconds upon exposure to UV/visible light, these resins are ideal for bonding transparent surfaces and for potting, sealing, and coating applications. Ultra Light-Weld adhesives and sealants cure upon exposure to UV and/or visible light and are perfect for UV blocked and tinted plastics. Light Weld products cure upon exposure to UV light. Environmentally responsible, solvent free adhesives reduce regulatory compliance cost, and encourage worker acceptance of the assembly process. Dymax 3089 Solvent-Free Plastic Adhesive Key Substrates: SAN (primary), ABS, CAP, MBS, Acrylic, Urethane Typical Use: PET film to copper
