

Dymax 9-20511 Conformal Coating/Wire Tacking/Masking Disk Drive Adhesive

Category : Polymer , Adhesive , Thermoset

Material Notes:

Disk Drive Adhesives Low Outgassing Multi-Cure® Memory Saver Disk Drive Adhesives Description Dymax offers a range of advanced formula epoxy and acrylic adhesives for disk drive assembly. UV cures in seconds increasing productivity. Superior adhesion and outgassing properties offer outstanding product durability and performance. Features and Benefits Very low outgassing. Will not contaminate sensitive assemblies UV cure in seconds. Enhance productivity No mercapto esters. Lower odor and contamination problems Strong bonds to metals and plastics. Improved assembly performance One part systems. No waste. Room temperature storage. Reduce storage costs. One year shelf life. Dymax 9-20511 Conformal Coating/Wire Tacking/Masking Disk Drive Adhesive Fast curing gel with no mercapto esters, optical quality; ultra clean; cures with UV or visible light Cure Type: UV spot
