

ExxonMobil Greasrex K-170

Category : Fluid , Lubricant , Lithium Gellant

Material Notes:

Greasrex K-170 is a high performance lithium hydroxystearate grease, formulated especially to resist oil separation in high speed rotating equipment, to protect against wear, and to provide protection against rust and corrosion. Greasrex K-170 is a multi-purpose grease designed for use in high speed rotating equipment, such as electric drills. Greasrex K-170 is recommended for all types of applications where high rotational speeds are encountered. In particular, it: provides good low temperature pumpability and is suitable for centralized lubrication systems and other applications where low temperature performance is required; is recommended for multipurpose applications in antifriction and plain bearings, bushings and pins under normal operating conditions; is recommended for lubrication of electric hand tools, where high speeds, and moderately loaded bearings are found

Physical Properties	Metric	English	Comments
Kinematic Viscosity at 40°C (104°F)	24 cSt	24 cSt	ASTM D445

Mechanical Properties	Metric	English	Comments
Penetration	300	300	Worked, 25°C; ASTM D217
Timken Test	18100 g	40.0 lb	

Thermal Properties	Metric	English	Comments
Dropping Point	175 °C	347 °F	ASTM D2265

Descriptive Properties	Value	Comments
Color	light brown	
Corrosion Prevention, ASTM D1743	pass	
Soap/Thickener Type	lithium
