

Garlock 362 Nitrile Sheet Rubber

Category : Polymer , Thermoset , Rubber or Thermoset Elastomer (TSE)

Material Notes:

Nitrile sheet is primarily used for applications where resistance to oil, solvents and fuels is required. Style #362 is a white nitrile sheet made from FDA-approved ingredients per Z1 CFR 177.2600. It also meets "3A Sanitary Standards for Multiple-Use Rubber and Rubber-Like Materials used as product contact surfaces in dairy equipment," Number 18-01, Class III and IV. It has good resistance to oily and greasy food products and abrasion. This sheet is non-marking. Information provided by Garlock Rubber Technologies
