

Henkel Turco 6881 Paint Remover

Category : Fluid , Solvent

Material Notes:

Turco 6881 environmentally advantaged paint remover is low-odor, thixotropic, activated by hydrogen peroxide. It was developed for effective stripping of such resistant finishes as epoxies, epoxy primers, polyurethanes and similar catalyzed aircraft paints. Offers a significant advance in paint stripper technology. Complies fully with the aircraft / aerospace NESHAP. Can be used on aluminum, mild steel, high strength steel and titanium when used as directed. Not recommended for use on magnesium. Meets the corrosivity requirements of TT-R-2918 except magnesium and cadmium.
