

Henkel Turco Deoxalume 2310 Deoxidizer

Category : Fluid , Solvent

Material Notes:

Turco Deoxalume 2310 is a chromium-free concentrated acidic liquid product specifically formulated for deoxidizing and desmutting wrought aluminum alloys. Extremely effective in removing surface oxides, discolorations due to heat treatment or thermal deburring, and smut which develops during alkaline etching and chemical milling. Develops a stain-free surface on aluminum alloys and is used prior to finishing operations such as anodizing, chemical milling, penetrant dye inspection and spot or resistance welding.

Applications:Deoxidizer/DesmutterConversion CoatingsBoric Sulfuric AnodizingChromic Acid AnodizingPhosphoric Acid Anodizing
