

Indium Corp. #1010 Wave Solder Flux, Water-Soluble

Category : Fluid

Material Notes:

Wave Solder Flux #1010 is a versatile VOC-Free water-soluble wave flux that provides excellent solderability on difficult to solder assemblies. Wave Solder Flux #1010 is biodegradable and cleans to low ionic levels, leaving the assembly with high surface insulation resistance. Features: Non-flammable High activity Wide process window Use with Pb-Free and Sn-Pb assembly process Physical Properties Color: Clear Flash Point: None Flux Classification Type: ORH1 Information provided by the manufacturer, Indium Corporation of America.
