

Indium Corp. 1075-EXR 40 VOC-Free Wave Solder Flux

Category : Fluid

Material Notes:

1075-EXR 40 VOC-free, is a non-halide, synthetic resin flux specifically developed for wave soldering, surface mount, mixed technology and through-hole electronic assemblies. 1075-EXR 40 is a water-based, non-flammable formulation, that eliminates special storage requirements and reduces VOC emissions. 1075-EXR 40 is formulated to reduce solder balling and provide excellent solderability on difficult to solder assemblies. Features Excellent Surface Wetting Eliminates Cleaning VOC-Free formulation Reduces Solder Balling Increased Activity Conforms to Telcordia GR-78 Specification Physical Properties Color: Clear Flash Point: None Flux Type: ORL0 Information provided by the manufacturer, Indium Corporation of America.
