

Indium Corp. 1085 Wave Solder Flux, Water-Soluble

Category : Fluid

Material Notes:

Wave Solder Flux 1085 is a water-soluble flux specifically developed for soldering surface-mount, mixed-technology and through-hole electronic assemblies. 1085 is biodegradable and cleans readily in water to low ionic levels, while leaving a surface which has a high surface insulation resistance. Features High activity level Low Solids Cleans to low ionic levels Physical Properties Color: Pale Flux Type Classification: ORH0 Information provided by the manufacturer, Indium Corporation of America.
