

Indium Corp. 1095-NF Wave Solder Flux, Water-Soluble

Category : Fluid

Material Notes:

Wave Solder Flux 1095-NF water-soluble flux is a neutral pH formulation with a high level of activity for wave soldering surface-mount, mixed-technology and through-hole electronic assemblies. 1095-NF is biodegradable and cleans readily in water to low ionic levels, while leaving a surface which has a high surface insulation resistance. Features High activity level Low Solids Cleans to low ionic levels Cleaning can be delayed up to 48 hours Physical Properties Color: Clear to light yellow Flux Type Classification: ORH1 Information provided by the manufacturer, Indium Corporation of America.
