

LG Chemical CP-HR Polycarboxylic Copolymer

Category : Other Engineering Material

Material Notes:

Description: Advantages: CP-HR is the main raw material for concrete admixture, which improves water reducing ability of Ultra high strength concrete. CP-HR exhibits superior properties of High story buildings. Advantage: Ultra high compressive strength design; High water reducing; Good workability; and High-rise building (>100MPa) Main Uses: Ultra high strength water reducer Information provided by LG Chemical
