

Lord Adhesives Flocklok® 550P Flock Adhesive

Category : Polymer , Adhesive

Material Notes:

LORD Flocklok® 550P adhesive is a single-coat adhesive used to adhere polyester or nylon flock fibers to a variety of uncured and semi-cured elastomers including EPDM, NR, CR and SBR. Flocked substrates provide good resistance to abrasion. Flocklok 550P flock adhesive will react and cure with moisture; however, an elevated temperature cure is required to optimize adhesion and performance properties. All information provided by Lord.
