

Lucite International Colacryl ® TS1171 Acrylic Solution Resin

Category : Polymer , Thermoplastic , Acrylic (PMMA)

Material Notes:

Butyl methacrylate-Methyl methacrylate copolymer This product is a fairly soft and flexible copolymer with reasonable abrasion resistance. It has good UV resistance and is therefore suitable for outdoor use. The product has good adhesion to a variety of substrates, especially plastics and films, but the adhesion to ferrous metals is not outstanding. Suggested Uses: -Flexible and glossy finishes on plastics and flexible packaging films -Application to aluminium foils for heat sealing applications Information provided by Lucite International
