

## Lucite International Colacryl Â® TS1414/4 Acrylic Solution Resin

Category : Polymer , Thermoplastic , Acrylic (PMMA)

### Material Notes:

Flexible resin produced in a slow drying petroleum fraction and designed for printing inks and covercoats on ceramic and glass transfers. ColacrylÂ® TS1414/4 is a butyl methacrylate copolymer system and has reasonable compatibility with medium and long oil alkyds and vinyl resins. The product is compatible with phthalate, sebacate, and maleate plasticisers. Suggested Uses: Recommended for use in silk screen printing inks and media for the ceramic industry. Information provided by Lucite International
