

Lucite International Colacryl Â® TS1875 Acrylic Solution Resin

Category : Polymer , Thermoplastic , Acrylic (PMMA)

Material Notes:

Colacryl TS 1875 is a self cross-linking acrylic copolymer designed for high performance solvent resistant adhesive applications. Once dried, a film cast from this product remains permanently tacky. Suggested Uses: Pressure-sensitive self-adhesive products including high shear double-sided tapes and films which require a high degree of solvent resistance. Polyacrylate copolymer Information provided by Lucite International
