

## Master Bond MB516 Hot Melt Adhesive Compound

Category : Polymer , Adhesive , Thermoset , Epoxy

### Material Notes:

Master Bond Polymer System MB516 is a pelletized extra tough, high strength, low viscosity polyamide resin composition for the hot melt bonding of plastics, metals and wood. It features excellent thermal stability in the molten state, when exposed to air for up to 3 hours at 210°C (410°F) or 6 hours at 190°C (375°F).
