

## Master Bond UV15-7TK1A One Component, Paste Consistency UV Curable Adhesive

Category : Polymer , Adhesive , Thermoset

### Material Notes:

Master Bond UV15-7TK1A is a one component, non-yellowing UV curable polymer system with a paste consistency for high performance bonding, sealing and selective encapsulation. Its most salient features include superior physical strength properties, low shrinkage upon curing and enhanced non-yellowing stability. UV15-7TK1A offers excellent chemical resistance to water, acids, bases, fuels and many solvents.
