

Michelman® HydroGrease White, 22 White coating

Category : Fluid , Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Description: High performance water and grease resistant white coating Usage: HydroGrease White, 22 is a white coating which imparts water and grease resistance to the substrate. This coating is hot melt and cold set gluable. Application data: HydroGrease White, 22 is best applied by rod coater at the wet end of the corrugator. Food Contact Information when manufactured in the USA: FDA: 176.170: Components of paper and paperboard in contact with aqueous and fatty foods (Restricted) 176.180: Components of paper and paperboard in contact with dry foods. (Restricted) Information provided by Michelman®
