

Michelman® Resisto Coat,ç PLUS Abrasion resistance coating

Category : Fluid , Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Description: Abrasion resistance coating
Usage: Resisto Coat,ç Plus is a low cost, dilute, non-abrasive coating. It is used throughout the appliance industry as a protective finish on cornerposts and top pads. Resisto Coat,ç Plus is gluable only with hot melt adhesives. Cold set adhesives will not bond Resisto Coat,ç Plus.
Application Data: Resisto Coat,ç Plus can be applied with a blade coater at the dry end of the corrugator. Sprayers and roll coaters can be used in off-line applications
Resisto Coat,ç is typically used on: Cornerposts; Top pads; Inner packing; and Partitions
Food Contact Information when manufactured in the USA: FDA:175.105: Components of adhesives.175.320: Resinous and polymeric components of coatings for polyolefin films. (Restricted) 176.170: Components of paper and paperboard in contact with aqueous and fatty foods. (Restricted) 176.180: Components of paper and paperboard in contact with dry foods.
