

Michelman® SofTak® 1637 Non-skid coating

Category : Fluid , Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Description: Non-skid coating. Usage: SofTak® 1637 is a gluable nonskid coating with the added benefit of good scuff and water resistance, oil resistance and a "leather-like" feel. This product is also effective for slip or tier sheets. Application Data: SofTak® 1637 requires specific drying parameters. This product is best applied by rod coater. Softak® is typically used for: Slip or tier sheets to prevent slipping of palletized loads, boxes and furniture; Coated paper used as temporary flooring where skid resistance is critical; Protective floor mats for highly-polished surfaces during moving phase; and Jewelry and perfume packaging.
