

Michelman® SofTak® 317 Non-skid coating

Category : Fluid , Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Description: Non-skid coating. Usage: SofTak® 317 is a glueable nonskid coating with excellent angle of skid. These properties are useful for slip or tier sheets, or a variety of other applications requiring a non-skid surface. Application Data: SofTak® 317 does not require specific drying parameters. SofTak® 317 can be applied by rod coater. SofTak® is typically used for: Slip or tier sheets to prevent slipping of palletized loads, boxes and furniture; Coated paper used as temporary flooring where skid resistance is critical; Protective floor mats for highly-polished surfaces during moving phase; and Jewelry and perfume packaging. Information provided by Michelman®
