

Michelman® SofTak® 326 Non-skid coating

Category : Fluid , Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Description: Non-skid coating. Usage: SofTak® 326 is an excellent nonskid coating that also has a fair amount of water resistance. It is often used on slip/tier sheets or a variety of other applications that require a high COF surface. Application Data: SofTak® 326 is rod and blade coater applicable. SofTak® is typically used for: Slip or tier sheets to prevent slipping of palletized loads, boxes and furniture; Coated paper used as temporary flooring where skid resistance is critical; Protective floor mats for highly-polished surfaces during moving phase; and Jewelry and perfume packaging. Information provided by Michelman®
