

Pau Tai Avanstab HP-235 Organotin Stabilizer Octyl Thiotins/Methyl Thiotin

Category : Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Is a multifunctional lubricant/tin one-pack system stabilizer. Designed for PVC rigid pipe extrusion in multiscrew extruders at typical use levels of 2.0-2.5 phr. Avanstab HP-235 provides more homogenous compounding and excellent color hold. Its chemical composition meet the specifications of NSF approved for potable water pipe. Information provided by Pau Tai Industrial Corp.
