

Pau Tai Avanstab TM-1980 Organotin Stabilizer Butyl Thiotin

Category : Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Is a liquid highly effective sulfur-containing tin stabilizer for the extrusion of rigid PVC building products. Avanstab TM-1980 gives excellent early color and long-term heat stability required by weatherable building products such as white and pigmented siding, window profile and trim. Avanstab TM-1980 allows high output rates and the ability to safely use regrind. Information provided by Pau Tai Industrial Corp.
