

PolyOne Geon™ Vinyl Packaging OxyPurge Polyvinyl Chloride, Rigid (PVC, Rigid)

Category : Polymer , Thermoplastic , Vinyl (PVC) , PVC, Rigid Grade

Material Notes:

OxyPurge compound is designed to aid in minimizing machine downtime due to frequent clean outs, product changes, shut downs and unanticipated processing problems. It is formulated for use in rigid PVC processing machinery, such as: profile, sheet and blow molding extruders as well as injection molders. See your PolyOne representative for the complete Product Focus on proper use. Information provided by PolyOne
