

Premix Thermoplastics PREBLACK CP 731-40 Black Universal Masterbatch, 40% Carbon Black

Category : Polymer , Thermoplastic

Material Notes:

PREBLACK CP 731-40 black universal masterbatch has been developed for the colouring of injection moulded and extruded products made e.g. out of polyolefines, polystyrenes, ABS, PVC, PA, PC and POM. Due to the good homogeneity of PREBLACK CP 731-40, it is well suited for demanding applications. According to BgVV regulations PREBLACK CP 731-40 is approved for use in contact with foodstuffs, as long as the carbon black content of the produced product is less than 2.5 %. Dosing .5-10% depending on desired blackness. Information from Premix OY
