

Process Technologies Inc BUNA-N Sanitary Gasket

Category : Polymer , Thermoset , Rubber or Thermoset Elastomer (TSE)

Material Notes:

BUNA-N should be considered for use with oils and animal fats. This is a food grade and 3A approved that has good compression set characteristics. BUNA-N does have a limited temperature range which precludes its use in many applications. This material does not meet USP Class VI. Information provided by Process Technologies Inc
