

S&E Specialty Polymers TufFill™ GPP3003FD Natural Flame Retardant concentrate in Polyethylene

Category : Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Flame Retardant Concentrate in Polyethylene. GPP3003FD is PE based, flame retardant concentrate, with 1.61 g/cm³ Gravity, designed to impart flame resistance to polyolefin. Dependent upon let-down ratio in extrusion or molding grade resins, GPP3003FD can provide a range of V-2 to V-0 flammability UL-94 ratings. GPP3003FD performance in a specific resin system may be submitted to Underwriters Laboratories for confirmatory UL Recognition. Information provided by S&E Specialty Polymers
