## Sharadaa Ceramics PHOSTCAST 60 XL Phosphate Bonded Castables <br> Category: Ceramic , Oxide, Aluminum Oxide

## Material Notes:

Description: We hold expertise in manufacturing a range of Phosphate Bonded Castables, that find wide application in boilers, power plant, refineries, foundries, rolling mills, forging furnaces and others. Made from quality material, our range is high on compressive strength, abrasion resistance and is capable to withstand extreme temperature. Note: We shall supply in two components namely in powder form and liquid form. The two components are to be mixed in the recommended proportion in a sand mixer and rammed by pneumatic tools or Hand ramming.Information provided by Sharadaa Ceramics Pvt. Ltd.
