

Silberline Sparkle Silver[®] 3500

Category : Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Sparkle Silver[®] 3500 is a medium, non-leafing aluminum pigment. It was developed to provide formulators of industrial finishes with an economical source of sparkling aluminum flake. It is widely used in all types of industrial coating formulations, including hammer finishes, coil coatings and aerosols. Where increased acid resistance is required, the related Sparkle Silver[®] 3000-AR is recommended. Applications: Automotive; General Industrial
