

## Silberline Sparkle Silver Ultra,ç 6605

Category : Other Engineering Material , Additive/Filler for Polymer

### Material Notes:

Sparkle Silver Ultra,ç grades are very bright lenticular automotive aluminum pigments. They offer a very smooth patina and narrow particle size distribution, allowing the formulator to create very smooth, brilliant masstones or clean vibrant colors. SSUs are designed for the stylist to raise the bar in terms of metallic effects and creativity. Applications: Automotive
