

Silikony Polskie Polsil Gum 100/60 HTV Silicone Rubber

Category : Polymer , Thermoset , Rubber or Thermoset Elastomer (TSE) , Silicone , Silicone Rubber

Material Notes:

Polsil Gum is a general purpose master batch compound, vulcanizing at high temperature after addition of vulcanizing agent. Silicone rubber obtained from Polsil® GUM shows useful properties: ageing resistance, stability of mechanical properties in the range of temperature between -500C and + 2500C, chemical resistance, good insulating properties.
