

Solvay MIRACARE® LSC-217 Surfactant

Category : Fluid , Other Engineering Material , Additive/Filler for Polymer

Material Notes:

Description: MIRACARE LSC-217 is a high active surfactant base specially developed for use in the preparation of high foaming hair shampoos and skin cleanser systems. An optimized blend anionic, betaine and foam boosting alkanolamide surfactants, MIRACARE LSC-217 readily yields completely formulated products with simple water dilution. The viscosities of the resulting formulas can then easily be adjusted with judicious electrolyte additions. I.N.C.I. Name: PROPRIETARY SURFACTANT BLEND Available in: Asia Pacific, Europe, Latin America and North America
