

Struktol V-MAT G Processing Additive, Matting Agent

Category : Other Engineering Material , Additive/Filler for Polymer , Polymer

Material Notes:

A mixture of additives and light-colored aliphatic resins with a molecular weight below 2,000. STRUKTOLÂ® V-MAT G is highly effective for matting and texture of rigid PVC. STRUKTOLÂ® V-MAT G can be used at relatively high loading levels without significantly changing the fusion characteristics of the compound. Ideal for water channeling profile applications. The benefits of STRUKTOLÂ®V-MAT G include matting surface effect, minimum fusion effect and textured surface.

Physical Properties	Metric	English	Comments
Specific Gravity	1.56 g/cc	1.56 g/cc	
Additive Loading	2.0 - 5.0 %	2.0 - 5.0 %	
Ash	21 %	21 %	

Processing Properties	Metric	English	Comments
Shelf Life	>= 24.0 Month	>= 24.0 Month	

Descriptive Properties	Value	Comments
Appearance	Yellow to white powder
