

TSE Industries Son of GLOB™ Millable Urethane Mill Roll Cleaner

Category : Polymer , Thermoset , Polyurethane, TS

Material Notes:

SON of GLOB is rubber material, based upon our Millathane® millable urethane, which was developed for cleaning mill rolls. SON of GLOB contains an abrasive material which gives it added gusto for cleaning remnants of sticky compounds from the mills. It can be used over and over again until it has grown up to 10 times its original size. All information provided by TSE Industries
