

Wingate Alloys Winco Pre-Keyed Turned, Ground and Polished Shafting with Pre-Machined Keyways

Category : Metal , Ferrous Metal

Material Notes:

Available in mid to high carbon, high tensile alloy steel, heat treated or stainless steel Advantages: Turned, ground and polished with standard keyways cut the full length. All keyways are accurately machined and straight with no bowing or twisting. Can be furnished with a key already inserted assuring a proper fit. Avoids the expense of cutting keyways, removing costly production delays. Ground to a mirror finish of RMS 8 or better. Information from Wingate Alloys Inc.
