

## Zeon Chemicals Nipol® 1492P80 Nitrile Powder and Crumb Elastomer

Category : Polymer , Thermoset , Rubber or Thermoset Elastomer (TSE)

### Material Notes:

Nipol® nitrile elastomers are recommended when oil or solvent resistance is needed for the proper functioning of rubber parts. Fuel, oil and solvent resistance improves as acrylonitrile content is increased. Low temperature flexibility and resiliency are improved as butadiene content increases. Non-crosslinked coarse powder ideal for rubberized gaskets and packing. Contains talc partitioning agent. Meets many FDA applications.
